## projects and apps

### Madison Mckinley Designs Ecommerce — Freelance
madisonmckinley.us — Javascript, Node, React, Redux, Express, Webpack, Babel, SCSS, Shopify Buy SDK, PostgreSQL, Babel, Heroku, AWS

- Built dymanic, content managed ecommerce solution responsive to customer data (front end, UI/UX Design)
- Implemented and executed business/customer acquisition strategies

### RaiSE Bot — Investor Recommendation Engine
### Co-Founder
JavaScript, Node, React, Redux, Webpack, Express, Heroku, PostgreSQL

- Built CMS platform to automate in-depth analyses of data sets and personalized recommendations through AI to help entreperneurs study the VC landscape (and analyze which investors they should raise capital with)

### Madison Mckinley Holiday Popup Shop — Freelance
AngularJS, Node.js, Express, Shopify Buy SDK, SCSS

- Built a full ecommerce solution for holiday popup to track data around which pieces of jewelry were receiving the most interest and traffic to enable data-driven decisions around inventory and product

### Coders Against Humanity — Galvanize Project
cah-app.herokuapp.com — Swift, Xcode, Express, Node.js

- Built an iOS application to play Cards Against Humanity against custom AI
- Developed UX strategy for an immersive experience

### gSpace — Galvanize Project
Node.js, Express, PostgreSQL, Knex,js, Passport, OAuth, jQuery, Bootstrap, Handlebars, SCSS

- Built a CRUD social network community to connect with other gSchool developers that allowed for users to comment, like, share and favorite resources, meetups, and projects

## experience

### Creighton Creative Development LLC - 2017
- Fullstack development, design, business strategy, and brand consulting

### Priton - Marketing/Sales - 2013-2016
- Brand and web development manager
- Built real time, data driven dashboards for company
- Project managed developments in multiple emerging markets

### 41 Winks - Strategy/Operations- 2012-2013
- Led the entire relaunch (product redesign, web development, and inventory/production overhaul)

## education

### Galvanize Full Stack Immersive Program - 2016

### Unversity of Denver - 2014-2015
Daniels School of Business

### New York University - 2011-2012
Stern School of Business
